Sudarshan Chakra dasha

सुदर्शन चक्र दशा

Parashara's Sudarshan Chakra judges every year of life from three points at once: the Lagna, the Moon and the Sun. Each house of the chart rules one year of life in turn, in a 12-year cycle; each such year divides into twelve monthly antardashas, counted onward from the year's house.

15 Aug 2026 to 15 Aug 2027 is the 32nd year of life: the 8th house. That is Aries from Lagna (with Ketu), Libra from the Moon (with Rahu), Aquarius from the Sun (with Saturn): a year of depth, research and transformation. From 15 Aug 2027 the 33rd year begins: the 9th house, Taurus from Lagna, Scorpio from the Moon (with Jupiter), Pisces from the Sun (with the Moon): dharma, fortune and mentors.

Every month below opens with these four readings: the month's transits, your mahadasha, your antardasha, and the Sudarshan Chakra position.
