The three great transits of 2027

Three slow planets shape almost everything in 2027. Read them first; everything else in this Mini hangs on these threads.

1. Saturn and Sade Sati at its peak. Saturn spends most of 2027 in Pisces, directly over your natal Moon. For a Pisces Moon this is the middle and most intense phase of Sade Sati: the years when Saturn asks for patience, duty toward elders, and care of health, especially your mother's. Saturn steps briefly into Aries mid-year, then returns to Pisces. Classical counsel for this phase is simple: steady effort, humility, and service. What is built slowly now lasts.

2. Jupiter exalted in Cancer, spring 2027. Jupiter, the great benefic, is exalted in Cancer. From your Virgo lagna this is the 11th house of gains; from your Moon it is the 5th house of merit and children. This is the year's bright window: recognition, mentors, and gains through counsel and teaching. Early 2027 has Jupiter in Leo, the 12th from lagna, so the first quarter favors quiet preparation over display.

3. Rahu in Capricorn all year. Rahu sits in Capricorn, the 5th from your lagna and 11th from your Moon. Unconventional ideas in learning and speculation arrive; during a Sade Sati peak, keep speculation modest and let the 11th-from-Moon gains come through steady work instead.

Your dasha thread

दशा सूत्र

You are in Venus mahadasha (February 2009 to February 2029). Venus-Mercury antardasha runs till 3 December 2027, then Venus-Ketu begins. Mercury is your lagna lord and 10th lord, so work, skill and visibility dominate the year. December asks for a quieter gear: Ketu favors detachment, reflection and finishing what is pending.

Key periods of 2027

- Jan to Mar: Saturn over the Moon from day one. Keep routines simple, health steady, and promises few. Quiet preparation while Jupiter is in Leo.
- Apr to Jun: Jupiter exalted in Cancer. The year's best window for recognition, mentors, new responsibilities and gains through counsel.
- Jul to Sep: Saturn steps into Aries, easing the direct pressure on the Moon for a few months. Use the breather to consolidate, not to overreach.
- Oct to Dec: Saturn returns to Pisces; the festival season lights the quarter. Venus-Ketu begins 3 December: close the year in reflection, not in new ventures.
