SAMPLE

D-3 Dreshkana: the chart of courage and the body

द्रेष्काण

Each sign is divided into three dreshkanas of 10 degrees, and the D-3 chart built from them speaks of siblings, courage, initiative, and the strength of the body. Your D-3: lagna Virgo, decanate 3 (20-30 degrees).

D-3 lagna: Vrishabh (Taurus). Into music, loved by kings. Big head, big eyes, playful.

A Taurus Dreshkana lagna gives a steady, pleasure-loving stamina of the body: strength that endures rather than flashes, courage that builds slowly, and a voice with siblings that soothes more than it provokes.

The 22nd dreshkana: Dhanu (Sagittarius)

द्वाविंशति द्रेष्काण

Phal: falling in swimming pool or well, stuck in waterfall.

The 22nd dreshkana is counted as the D-3 lagna sign + 7 signs (first decanate). It works like a marak point for the body: its phal shows the illness, accident or danger the native must guard against. For this chart the classical counsel is practical: care near water, measured pace in sport and travel, and never making body decisions in anger.

In the full Unlock, every dreshkana placement of your chart is read the same way: what it strengthens, what it sensitizes, and what to do about it.

SAMPLE

Chandra Navmansha: the classical phal table

चन्द्र नवमांश

The Moon’s navamsha is read as a second mind. Moon in navmansha: Aquarius (Saturn’s navmansha). Scope: minor results, since the Moon is neither vargottama nor in its own navmansha.

In the navamsha chart the Moon is aspected by Mercury from the 7th and Jupiter from the 5th, and stands together with Venus. The classical phal table reads each factor:

Factor	Phal
Mercury aspecting	Fond of alcohol, bad reputation.
Jupiter aspecting	Dedicated to work, greatness.
Venus with the Moon	Crooked nature, attached to women, brave.

Classical rule of proportion: evil results work in reverse. If the navmansha lord is stronger than the rashi lord, the navmansha indications dominate the inner life. Saturn, the navmansha lord here, stands strong in its own sign in the rashi chart, so these lunar indications carry real weight.

SAMPLE

D-9 Navamsha depth

नवमांश

The 64th navamsha counted from the Moon falls in Virgo, whose lord is Mercury. Classical texts mark the 64th navamsha as a sensitive point: its transits and dasha periods are watched with care, and its afflictions are pacified with simple remedies.

The Karakamsha lagna is Gemini. Your Atmakaraka, the planet of the highest longitude, is Saturn at 29.70 degrees; Saturn's navamsha is Gemini, and the sign of the Atmakaraka's navamsha becomes the Karakamsha. A Gemini Karakamsha turns the soul's questions toward learning, communication and discernment: this is a chart that finds meaning by understanding things clearly and explaining them well.

Ishta devata: Vishnu, from the tithi lord Mercury at birth. The 12th from the Karakamsha is Taurus: the texts read this house for the devata's placement and the native's spiritual support.

Duritamsha: the Sun, Moon and Venus stand in the classical duritamsha padas linked with mental strain. The full Unlock maps these pada by pada, with the pacifying measures the texts prescribe.

SAMPLE

The 10th house and its lord

दशम भाव

Your 10th house is Gemini, and its lord Mercury sits in the 12th in Leo. No planet occupies the 10th, and none aspects it: the career story is told by the lord alone. Work connected with institutions, foreign links, research, hospitals, or behind-the-scenes craft suits this placement; recognition grows through expertise rather than noise.

D-10 (career varga) lagna: Virgo. D-24 (learning varga) lagna: Pisces. The dashamsha lagna in Virgo repeats the natal lagna: the professional self and the personal self pull in the same direction, toward craft, systems and service.

Mercury’s domains for this chart

कार्यक्षेत्र

Accounts, finance, writing, teaching, trade, IT, astrology.

Saturn, lord of the 6th, sits strong in its own sign Aquarius in the 6th house: service, systems, and steady competition are genuine strengths. Jupiter in the 3rd gives initiative and skill with the hands and with communication. Together: a career of quiet mastery, systems, and counsel, rising on merit.

Timing: the running dasha

दशा

Venus mahadasha runs till February 2029. Venus lords the 2nd (wealth) and 9th (fortune): the current years are the earning-and-building stretch of life. Inside it, Mercury antardasha runs till 3 December 2027; Mercury is both the lagna lord and the 10th lord, so this is the single best window for professional effort, visibility and negotiation. From 3 December, Venus-Ketu begins: Ketu in the 8th asks for finishing, research and letting results mature rather than chasing new launches.

D-10: the dashamsha confirms

दशमांश

D-10 lagna Virgo, with the Sun in Gemini in the 10th house of the dashamsha: authority and recognition come through knowledge and counsel. Your Amatyakaraka is the Sun itself, and it sits in the D-10 10th: the career significator and the house of career agree. Mercury, the D-10 lagna lord, stands in Capricorn in the 5th: intelligence applied with discipline. Saturn in Scorpio in the 3rd: courage in competition.

SAMPLE

Family: the 2nd and 4th houses

परिवार

Your 2nd house of family and speech is Libra, and its lord Venus stands in the 12th with the Sun, combust. The classical reading: family resources flow toward comforts, travel and the father's side; speech should stay measured, especially with elders, because a combust 2nd lord can make words sharper than intended. The remedy is the Venus one: Fridays, sweetness of speech, and keeping the home uncluttered.

Your 4th house of home and the mother is Sagittarius, and its lord Jupiter sits in the 3rd in Scorpio: the mother is strong-willed and the home benefits from initiative. Domestic peace comes through doing things, not through waiting. The Moon in the 7th keeps the emotional life centered on partnership; the mother is respected and her counsel carries weight.

D-12, the varga of parents, rises in Cancer: the parental line is protective and feeling-led. Saturn, strong in the 6th, aspects the 8th and 12th: duty toward elders is a genuine theme of this chart, and it is repaid. The full Unlock reads the D-40 and D-45 (maternal and paternal lines) the same way.

SAMPLE

Children: the 5th house and D-7

संतान

Your 5th house of children is Capricorn, and its lord Saturn stands strong in its own sign Aquarius in the 6th. The classical reading is honest: the 5th lord's strength protects the matter of children, but Saturn's nature and the 6th-house placement can bring delay or effort before fulfillment. Patience is the remedy the chart itself prescribes.

Rahu sits in the 5th: the path to children may be unconventional, and the texts counsel against anxiety if the usual timeline slips. Jupiter does not aspect the 5th here, so the classical counsel is practical: steady health routines, a calm home, and medical guidance without hesitation if needed.

D-7, the saptamsha varga of children, rises in Virgo. Venus and Jupiter stand together in Cancer in the 11th of the D-7: the varga of children promises gains and support through them. The Moon in Aquarius in the 6th of the D-7 asks for steadiness in the mother's health routines during the childbearing years. The full Unlock reads the D-7 planet by planet for timing.

SAMPLE

Learning: Mercury and D-24

विद्या

Mercury, your lagna lord, is the natural significator of learning, and it stands in the 12th in Leo: this is a mind built for depth subjects, research and foreign systems rather than surface study. Jupiter in the 3rd gives courage in examinations and skill with the hands and with communication: practical subjects, writing, and anything explained well.

D-24, the varga of learning, rises in Pisces, with Jupiter in Aries in the 2nd and Venus beside it: the learning chart favors wisdom subjects, counsel and teaching. Mercury in Leo in the 6th of the D-24: competitive examinations are genuinely supported, through steady preparation rather than brilliance alone.

The running Mercury antardasha till 3 December 2027 is the finest study window of these years: learn, write, appear. Venus mahadasha favors the arts and comforts alongside: music, design and aesthetics are not distractions for this chart, they are part of the education.

Personality

व्यक्तित्व

Virgo lagna: analytical, precise, helpful, modest, discerning. Mars in the lagna adds courage with method: energy goes into craft, systems and health routines. The Moon in Pisces in the 7th gives a deeply feeling, intuitive partner-facing nature: relationships are the mirror this native grows in.

SAMPLE

Karakamsha: the soul’s sign

कारकांश

In Jaimini astrology the Atmakaraka is the planet of the highest degree, the significator of the soul. The sign it occupies in the navamsha is the Karakamsha: the sign the soul leans toward, showing the native’s deepest desire and the flavor of the inner life.

Your Atmakaraka is Saturn at 29.70 degrees, and Saturn’s navamsha falls in Gemini, so your Karakamsha is Gemini. A Gemini Karakamsha turns the soul’s questions toward learning, communication and discernment: understanding things clearly and explaining them well. With Saturn as the Atmakaraka, that understanding is earned through patience, discipline and lived experience. The 12th from the Karakamsha is Taurus, which the texts read for the native’s spiritual support.

The full Unlock reads the Karakamsha with its lord Saturn, placed strong in its own sign in the 6th, for the native’s spiritual temperament and the fruits of the Atmakaraka’s dasha periods.

SAMPLE

Arudha Lagna

आरूढ़ लग्न

The Arudha Lagna is the image the world sees: the maya of the chart, distinct from the inner self the lagna shows. It is found from the lagna lord. Your lagna lord Mercury stands in the 12th in Leo, and the 12th counted from Mercury is Cancer, the 11th from your lagna, so no exception applies. Your Arudha Lagna is Cancer.

A Cancer Arudha gives a public image of care and emotional steadiness: people experience you as nurturing, protective and easy to trust, while the Virgo lagna keeps the inner machinery precise. Because the Arudha sits in the 11th house, that image forms through networks, elder contacts and counsel, the same 11th house where your Sun and Venus stand.

The full Unlock reads the Arudha with its lord, the Moon, for profession, standing and the world's regard.

Chandra Avastha 8 of 12: the fearful state

चन्द्र अवस्था
